A Non-Profit 501-C Organization

Dear Patron:

Thank you for your donation to The United States National Equestrian Tourism Organization. This non-profit local group is part of a world-wide organization called F.I.T.E. whose objective is to promote the equine tourism industry and to support those who earn their livelihood in the horse business.

F.I.T.E has been instrumental in Europe to promote eco-equine tourism as a viable means to maintain the small family farm. By turning the small farm into a vacation destination, people can spend some time in the country on horseback and enable the small farm owner to make a living.

As a donor, your business will be advertised on our website, [www.usa-trec.org](http://www.usa-trec.org) and if provided, a sign or banner will be displayed at our events. Please make sure these are highly portable.

Please make your checks payable to USNETO. Thank You.
